Chapter 7: Modalities for OMR based Tests

For the post of Clerk and Draftsman only.

- 1) For each question, five options shall be given (A, B, C, D and E).
- 2) The candidate will have to blacken the choice he / she thinks is right / correct on the OMR answer sheet with blue / black ball pen.
- 3) Candidates are required to provide an answer for every question in the examination.
- 4) The candidate has to choose one most appropriate answer to each question from the first four choices i.e. (A, B, C and D).
- 5) If a candidate is not attempting a question, then he/she has to choose the fifth option E. The fifth option acts as a 'no answer' alternative, enabling candidates to refrain from answering a specific question if they opt not to.
- 6) There will be penalty for wrong answers marked in the Test. For each question for which a wrong answer has been given by the candidate, one fourth of the marks assigned to that question mark, shall be deducted.
- 7) If the candidate gives more than one answer, it will be treated as a wrong answer even if one of the given answers happens to be correct and there will be same penalty as above for that question;
- 8) If no option is selected in a question, a deduction of one fourth of the marks assigned to that question mark will be applied.
- 9) If the option chosen is E, then there will be no penalty for that question and 0 mark will be awarded to that question.
- 10) Additionally, failing to choose any option for more than 10 per cent of the questions will result in disqualification from the examination.

 - iv. that more than two options recorded vis-à-vis a question are correct; or
 - v. that the option notified in the provisional answer key vis-à-vis a question is incorrect.

In that eventuality, all these objections will be referred to a team of Experts constituted with the approval of the Vice-Chancellor for the purpose. The team shall comprise not less than two experts in the subject. In case the team of the experts confirm that the formulation/ text of the question(s) is/ are admissible to different interpretations because of vagueness or that the question (s) recorded in the paper is/ are incomplete or that all the options recorded vis-à-vis a question are wrong or that more than two options recorded vis-à-vis a question are correct [as indicated in (i) to (iv) above], the concerned question(s) shall be deleted from the paper and the mark(s) allocated thereof shall be individually added to the marks secured by the individual candidates to ensure that the mark(s) allocated for the question paper as a whole remain unchanged. In case the team of experts confirms that the option notified in the provisional answer key vis-à-vis a question(s) is incorrect, [as indicated in para (v) above], the same shall be corrected and the correct option shall be incorporated in the final/ revised answer key.
